

Year 6 English Homework

Given out: Sunday 11th November

Due in: Sunday 18th November

WALT: Use Figurative Language to Create an Effective Description

(PINK) ENGLISH HOME LEARNING BOOKS

TASK 1

In English, we have been learning about how to use these figurative language techniques in our writing: metaphors, alliteration, personification, onomatopoeias, similes and oxymorons. We have also been using adventurous vocabulary.

For homework this week, please use the figurative language skills you have learned to describe this picture.

You could describe...

- the crocodile/alligator
- passengers
- young girl
- train/metro
- city
- sky
- anything else you can imagine

Here is an example to help you:

The vast park - Lone Oak Park - is covered in a fresh blanket of lilly white, crisp snow (crystal white like polar bear's fur), while in contrast, the winter sky was a periwinkle blue. In the centre of the park, an ancient oak tree dances serenely in time with the gentle chilly breeze, causing snow from leafless branches to fall onto unsuspecting heads with a soft thud. Young children shiver as though they were in Antarctica, despite wearing heavy furs and woollen boots. Teeth - molars mostly - chatter.

TASK 2

Write separate sentences for our current spelling words. Try to use conjunctions, openers, adjectives, figurative language and a variety of punctuation in these sentences

Spelling Words: cemetery, bargain, bruise, desperate, mischievous, privilege, soldier, yacht, curiosity, determined, disastrous, harass, pronunciation, conscience, conscious

example: About a mile away from the palace, surrounded by an army of elm trees, was a small, ancient cemetery.
