

Home Learning 2016-2017

Bonjour les enfants et Bienvenus!

This year we will keep using the “flipped classroom” model which has proved to be such a success!

Do you remember what it is? Yes, you are right!

For your Home Learning this year, you will still have to watch the short videos we prepare especially for you before you come to the lesson.

Do you remember how confident you were last year when you came fully prepared to take part in our classroom activities?

Do you remember these beautiful videos that were made of you and your friends acting, playing, enjoying role plays?

After Eid, we will start with our new topics and post the first video of the year. Your teacher will inform you.

In the meantime, in the classroom we will still have a lot of fun getting prepared for our new topics using our 21st Century skills in our teams.

Which is the 21st Century skills you feel like you need to develop and improve this year?
