

WALT: Write a Review

Due: 10-3-19

*Here is an example of part of a review of a new pair of trainers*

Last week, I received the latest pair of Adibok trainers (The Venom 101's). I have worn these trainers for the last seven days, and in the following paragraphs will discuss their positives and negatives.

I really liked the colour combination of these trainers: apricot orange, neon green and aqua marine blue (a veritable treat for the eyes). However, I did not particularly like the swirling pattern on the heel of the trainers. To me, this pattern was a little unnecessary; it certainly didn't add anything to the trainers. To improve, I suggest the swirling pattern be replaced with stripes or nothing at all...I believe this would be much more attractive.

In terms of comfort, these hi-tech trainers were a dream to wear, especially the sole, which was soft and springy like a mattress. Conversely, at times the sides seem to rub against my foot, causing burning blisters - this often happened when I was running. To improve these trainers, I believe they should be slightly widened.

**YOUR TASK**

This week, we would like you to have a go at writing part of a review for either a video game, watch, film, book or a toy. For a video game, you could give your judgement on the graphics, gameplay, characters etc, and for a film/book you could give judgement on the characters, plot, ending, etc.

**Checklist (WILF)**
